

# Connecting to database

# SQL PLUS

**SQL Plus is an interactive and batch query tool that is installed with every Oracle Database Server or Client installation. It has a command-line user interface, a Windows Graphical User Interface (GUI) and the iSQL Plus web-based user interface, that can be used to run SQL queries and PL SQL code.**

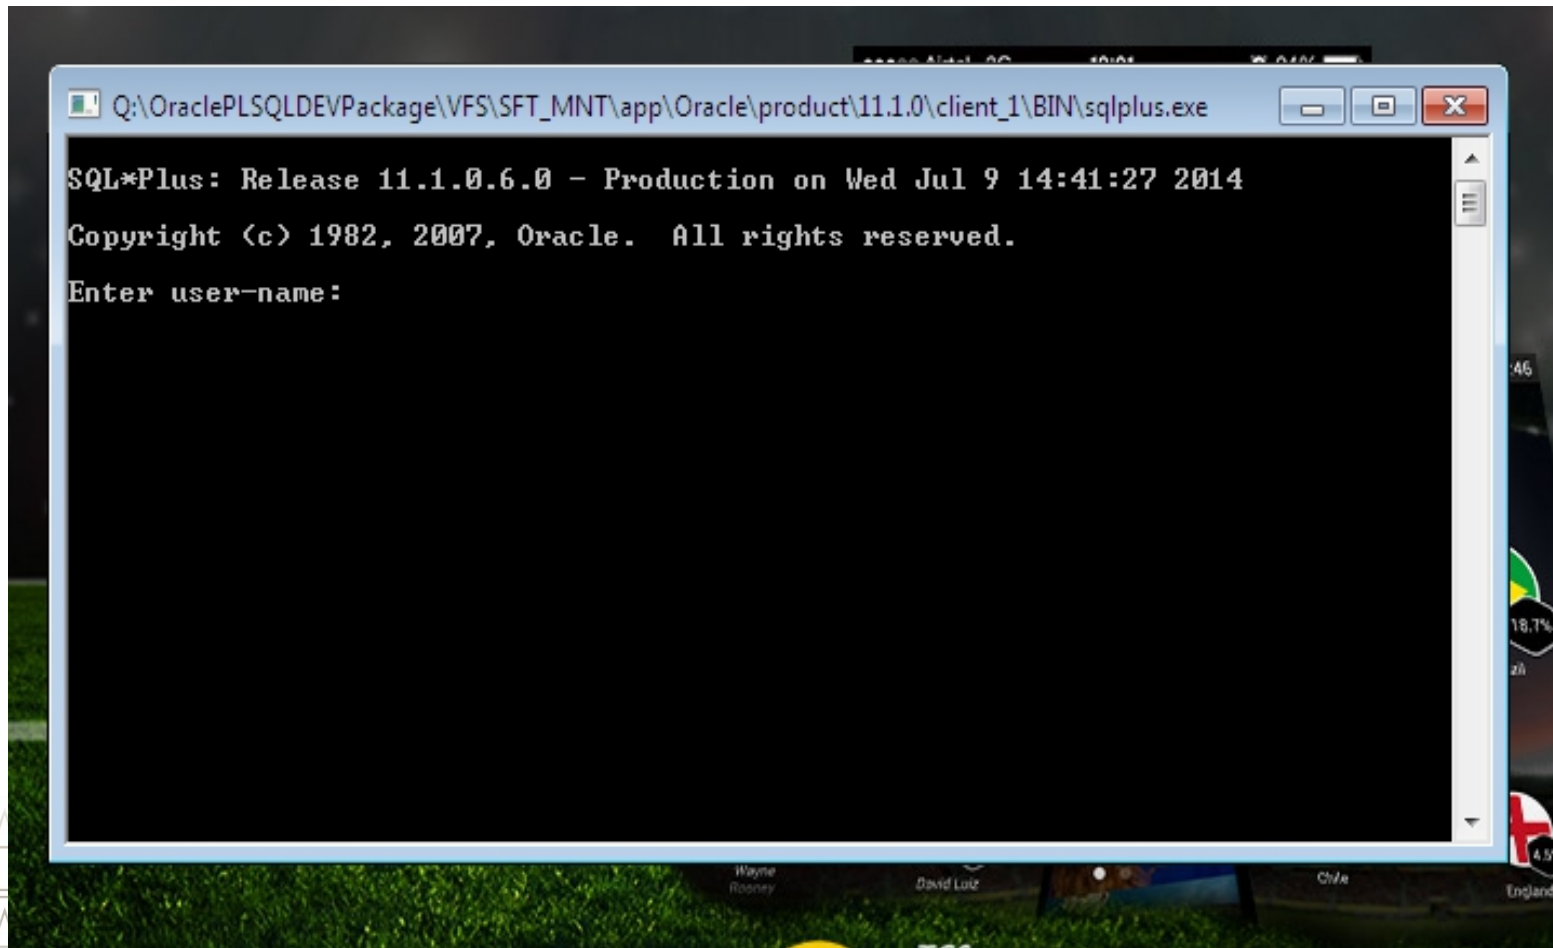

# Connecting to database

Open SQL PLUS from Start Menu

# Connecting to database

The SQL PLUS window will open

# Connecting to database

The SQL PLUS will ask for the user name. Type the user name in the format *username@database\_name* and press enter.

If the user name is info\_trainee and the database name is orainfodb then type *info\_trainee@orainfodb* and press enter.

```
SQL*Plus: Release 11.1.0.6.0 - Production on Wed Jul 9 14:41:27 2014  
Copyright (c) 1982, 2007, Oracle. All rights reserved.  
Enter user-name: info_trainee@orainfodb  
Enter password:
```

# Connecting to database

The SQL PLUS will ask for the Password. Type the password and press enter. You will get the below message and the SQL prompt . Now you have connected successfully to the database.

```
